

# THE WINE ROUTE

## BIRTHPLACE OF QUÉBEC WINEMAKING

Departure from the Vignoble de l'Orpailleur, towards Clos Saragnat in Frelighsburg and then, continue to Dunham and visit four more vineyards.

### Vignoble Domaine des Côtes d'Ardoise

879, chemin Bruce (route 202) Dunham  
450-295-2020  
[www.cotesdardoise.com](http://www.cotesdardoise.com)

Established in 1980, the Domaine des Côtes d'Ardoise was the first winery in Dunham. The winery boasts exceptionally beautiful grounds where visitors can take advantage of a peaceful nature trail.

**Harvest:** September and October

### Vignoble Les Blancs Coteaux

1046, chemin Bruce (route 202) Dunham  
450-295-3503  
[www.blancscoteaux.com](http://www.blancscoteaux.com)

Life is too short not to drink great wine!

**Harvest:** September 15 to October 5

### Vignoble de l'Orpailleur ÉCONOMUSÉE de la vigne et du vin

1086, chemin Bruce (route 202)  
Dunham 450-295-2763  
[www.orpailleur.ca](http://www.orpailleur.ca)

Follow the Wine Route to the Orpailleur winery and discover a world filled with information on winemaking, wine tastings, guided tours, our collection of ancient tools and the flavorful dishes at our restaurant.

**Harvest:** mid-September to mid-October

### Vignoble Les Trois Clochers

341, chemin Bruce (route 202) Dunham 450-295-2034

The winery boasts picture perfect views of Dunham and its three churches hence the winery's name.

**Harvest:** mid-September to mid-October

### Vignoble Clos Ste-Croix

3734, rue Principale, Dunham - 450-295-3281 - [www.clostecroix.ca](http://www.clostecroix.ca)

Small winery situated in the heart of Dunham a picturesque setting where the owners await to share their passion for the art of making wine. The winery's specialty is red wine made from Ste-Croix and Maréchal Foch wines. All products are available at the winery's boutique.

**Harvest:** September

### Clos Saragnat

100, chemin Richford Frelighsburg  
450-298-1444  
[www.saragnat.com](http://www.saragnat.com)

We chose to pursue a natural form of agriculture that is respectful of the environment by using growing methods which have been ecologically adapted to our soil, our surroundings and our climate.

**Harvest:** October
